POSTAL SCANDALS

Augustus W. Machen, General Superintendent of Free Delivery Service, Arrested.

OTHER ARRESTS ARE TO FOLLOW.

Machen is Charged With Receiving Commissions From Contracts For a Patent Postal Box Fastener.

The Discovery of His Alleged Interests in the Contracts Were Made Accidentally by the Inspectors Some Three Weeks Ago.

Washington, May 28.—Augustus W. Machen, general superintendent of the free delivery service, was arrested Wednesday on a warrant issued on the information of post office inspectors charging him with receiving commissions from contracts made with the local firm of Groff Bros. for a patent box fastener. The warrant specially charges him with receiving \$18,981.78 since August 8, 1900. It is alleged at the department that this amount does not represent all that Machen obtained with his contracts. It is alleged that he has profited by them for several years prior to August 8, 1900. Other arrests are to follow. Immediately after Mr. Machen was taken into custody the postmaster general issued an order removing him from office. He had been under suspension for a fortnight, pending investigation in his office. The discovery of Machen's alleged interests in the contracts was made accidentally by the inspector some three weeks ago and since then their energies had been directed toward the making out of a case. Tuesday night after the authorities had become convinced that they were in possession of the necessary evidence Mr. Machen was asked to appear at the department Wednesday morning. He did so and was subjected to a "sweating" process by the inspectors and Gen. Bristow for three hours, but no admissions that he had profited by the contracts could be secured from him. He declined to answer many questions on the ground that they related to his private business, but insisted to the end that he had not received a cent improperly.

Nevertheless he was arrested on a warrant, which had been prepared and was taken before a United States commissioner, where his attorney immediately demanded a full hearing. Assistant District Attorney Taggart, however, was not ready to proceed with the case and the hearing was set for June 5. Mr. Machen gave a bond for \$20,000, furnished by a Philadelphia bonding company for his appearance, declining to accept the proffer of friends to go on his bond. After his release he declined to make any statement beyond the single declaration that the whole thing was a grand stand play and would come out all right. His attorneys declared that at the proper time they would show conclusively that he had been guilty of no wrong in connection with the contracts and on the contrary they would be able to show that his administration of the free delivery service had been characterized by ability and integrity. The department officials assert that their evidence is conclusive. It is said that civil suit will be entered to recover from Machen the amount he is alleged to have received on the contracts.

Mr. Machen came to Washington from Toledo, O., more than ten years ago. He has been general superintendent of the free delivery department since May 6, 1893. He has held that office continuously since that time.

Diller B. Groff, of Groff Bros., who are accused of bribing August W. Machen for the purpose of procuring purchase by the government of their letter box fasteners called at police headquarters Wednesday night saying that he had heard a warrant for his arrest was out. He was served with the warrant and was released on \$10,000 bond, pending a hearing before a United States commissioner Thursday.

THE EUROPEAN SQUADRON.

It is Announced By the Navy Department That It Will Visit Kiel.

Washington, May 28.—The navy department announced Wednesday afternoon that the European squadron would visit Kiel. The battleship Alabama will sail for the other side June 5 and join the European squadron consisting of the Chicago and San Francisco at Lisbon. Thence the squadron will proceed north to Kiel. The action was taken in accordance with telegraphic instructions received Wednesday from Secretary Moody.

LOCKED THE CHURCH DOORS.

A Constable Searched the Armed Wer-shiper at White Oak.

Greenup, Ky., May 28.—At Big White Oak a large congregation had gathered at the church for public worship. Just as the minister had read his text Constable Nando Felty announced that several persons present had pistols on their persons, and that he proposed to make a search. He locked the doors, whereupon about 20 young men jumped out of the windows and began a promiscuous and indiscriminate shooting. The entire neighborhood was terrorized and the meeting broken up.

The constable captured Jackson Bundy and Conrad Lucas and brought them to the Greenup jail. Tuesday Lucas pleaded guilty in quarterly court, and Judge Bennett fined him \$25 and ten days in the county jail. Bundy will be tried later.

Felty has returned to the neighborhood, and says he will not rest until all the offenders are punished. No one seems to know what so many armed men were doing in the church, unless it was a spirit of devilry, as no one seemed to be murderously inclined.

UNIFORM RANK K. OF P.

The Supreme Assembly Met in Annual Session in Louisville.

Louisville, Ky., May 28.—The supreme assembly uniform rank K. of P. met in annual session in Louisville Wednesday. Maj. Gen. J. P. Carnahan and Adj. Gen. George W. Powell, of Indianapolis, accompanied by about 20 other members of the assembly from various states spent the day visiting the parks, with a view to selecting a site for the biennial national encampment, which will be held in Louisville next year. The site will be decided on at the executive session Thursday and other business transacted.

Big Cattle Shipment.

Wilmore, Ky., May 28.—A big shipment of export cattle was made from E. J. Curley's distillery at Camp Nelson Wednesday. Glass & Ruble sold 1,000 head of 1,100 pounds sloped cattle to Simon Wiehl, of Lexington, to go to New York for export. The price paid was 4 1/4 cents.

Dickenson Brothers Acquitted.

Vanceburg, Ky., May 28.—The Dickenson brothers and James Kiser, for killing the Dyer brothers, were acquitted, having shown a clear case of self-defense. The criminal docket is in the best shape it has been for years, there not being any cases of murder or of manslaughter.

Commencement Day Exercises.

Lexington, Ky., May 28.—Commencement day exercises of Hamilton college, which were held in the opera house Wednesday, attracted a large and select audience. There were 35 graduates and one post graduate. Miss Mary Virginia Hagerman was awarded first honor.

Found Dead in His Yard.

Paducah, Ky., May 28.—Al Moore, aged 29, a well-known resident of Hicksville, was at daybreak found dead in his yard. He was restless and left his bed about midnight, and was seen no more until found dead. Heart disease is supposed to have been the cause.

Chemical Lime Kiln.

Cloverport, Ky., May 28.—A combustion company is making plans for a chemical lime kiln to be built at Webster, Ky., near this city. The chemical lime to be made is used in the manufacture of white paper, as a power for bleaching cotton.

TERRIFIC STORMS.

Several Lives Were Lost and Over \$1,000,000 Damage Done to Indiana Property.

FACTORIES PARTIALLY DESTROYED

Great Destruction Was Wrought to Property Throughout Northwestern Ohio.

Toledo Alone Sustained Damage to the Amount of \$300,000—Brick Plant, Just Completed, and Other Factories Were Wrecked.

Indianapolis, Ind., May 28.—Indiana was storm-swept Wednesday. Three lives were lost and over \$1,000,000 damage was done to property. The worst destruction was in the gas belt. Six factories at Kokomo were partially wrecked, scores of buildings were blown from their foundations and partially destroyed, and the cab from a passenger engine was blown away while the train was at full speed. The loss there is estimated at \$100,000. At Alexandria four smoke stacks were blown down, killing W. S. Gray, a machinist. Between there and Anderson much damage was done to traction lines. Willis Black, aged 10, was killed at Converse, and Langford Stephenson, a farmer at Logansport, by lightning. In the northern part of the state there was heavy wind and hail. At South Bend, Columbia City and Cherubusco great damage was done to wires, buildings and trees. Cherubusco is cut off entirely, telephone and telegraph wires being down. Columbia City, 11 miles away, reports heavy storm in that direction, but all wires down and no casualties so far as learned. Indianapolis suffered damage to shade trees. Evansville and other Southern Indiana cities were visited by high winds, with damage to trees and lighter buildings.

Hammond, Ind., May 28.—One person killed, three dying and others injured is the record of violent wind and electric storms in this locality. While in a field Christopher Hodel and his son, Christopher, were struck by lightning. The boy died instantly and the father can not recover. Another farmer named Demmons was severely burned while trying to get his live stock out of a barn which was struck by a bolt. A wind storm wrecked the home of William Bunde, of the local police force, and falling timbers seriously injured the officer. Ed Brennan, a railway engineer, died of heart failure brought on by the heavy storm. Mrs. James Hudson was knocked down stairs by a brick from a chimney demolished by lightning. The homes of Albert Reeder and Mat Liesenfeld, near the city, was struck by lightning and the inmates, numbering about 12, badly shocked. Liesenfeld will not recover.

Toledo, O., May 28.—Northwestern Ohio was visited by a severe storm Wednesday afternoon. Toledo sustained \$300,000 damage, while reports from Northwestern Ohio indicate that great damage was done throughout the country, and especially in the oil fields of Wood, Hancock and Sandusky counties.

R. C. Manning, superintendent drafting department American Bridge Co., was struck in the back by a plank which fell from a bridge he was inspecting. Lynn Mullen, sailor on the freighter Gebhart, and Newton Twenty were caught under the falling tower of the Lake Erie Asphalt Black Co. Many others are reported slightly injured.

Many trees and several houses in Toledo were blown down. The plant of the Ohio Brick Co., which had just been completed at an expense of \$18,000, was demolished. Among the other plants damaged were the Lake Erie Asphalt Black Co., Libby Glass Co., Standard Steel Tube Co., Toledo Salvage Co. and the Ford Plate Glass Co.

Colonial Fire Proofing Co.

Pittsburg, Pa., May 28.—Arrangements have been made by prominent Pittsburg men for the formation of the Colonial Fire Proofing Co. with \$1,400,000 capital to absorb the Columbian Fire Proofing Co., and to build new plants at New York and Chicago and other points for the manufacture of porous fire proofing.

Will Inspect World's Fair Site.

St. Louis, May 28.—Prussia's minister of finance, Freiherr von Rhein-baden, arrived Wednesday accompanied by Frederick Von Versen, American deputy consul general at Berlin. They will inspect the world's fair site.

The post office at Scottsville, Ky., was robbed early Wednesday morning. The burglars secured \$280 in cash and \$40 in stamps.

RAIN NEEDED.

Is the Cry From Most Every Section of the State—Crop Outlook Discouraging.

[Weekly Bulletin of Weather Bureau.] "Very high temperature prevailed during the week. In the western portion of the State, and in some localities in the central section and in a few of the extreme northern counties, there was a good rainfall, but in other portions of the State it was entirely too dry or the light showers did not give sufficient moisture to be of any benefit to growing crops.

"Wheat has improved slightly, but will be a short crop. It has headed low and heads are short; in some localities it is injured by rust.

"Corn is doing well in the western section, but in the central and eastern section it is not coming up well and planting has been delayed by the drouth.

"In the western section tobacco plants are plentiful and in good condition—nearly half the crop has been set; but in the central and eastern sections very little has been set and the plants are suffering to some extent from the drouth.

"Rye is generally reported to be in good condition, but oats are not promising.

"Grass is improving rapidly in the west, but is suffering from lack of rain in the east and central counties.

"Potatoes and gardens are late, but doing fairly well.

"Strawberries are abundant and blackberries are promising. There is some complaint of apples dropping, but the present outlook is for a fairly good crop. Cherries are ripening and are of good quality.

"Farm work is late."

Lecture at Beasley Church.

W. C. Morro will deliver a lecture at Beasley Creek Church Saturday, May 30th, at 8 p. m., on Egypt, the pyramids, tombs, monuments, the mosques and relics of mediaeval times. This lecture has been delivered at many points and has everywhere met with highest praise. At the close, the ladies of the C. W. B. M. will serve strawberries and cream in the school room adjoining. Admission to lecture, 15 cents for adults, 10 cents for children. Refreshments 15 cents. Proceeds go to educate Japanese girls brought over by Rev. and Mrs. E. W. Stevens. The public invited.

The residence of Rev. T. N. Arnold, northwest of Frankfort, burned Tuesday. Loss \$5,000, with no insurance.

Mr. W. H. Case, who was injured some weeks ago in a railroad accident, is now able to get about with the aid of crutches.

Mr. Robert LeWright Browning, son of Mr. and Mrs. E. P. Browning of this city, was the successful contestant in the primary oratorical contest to select a Chautauqua representative from Kentucky Wesleyan College, Winchester. His many friends are glad to learn of his success.

A typographical error in the notice yesterday of the "musical recital" of Haywood Seminary read recitation instead of recital. Corrected, the notice is published: The closing exercises at Haywood Seminary will begin Friday evening at the First Presbyterian Church at 8 o'clock. The first entertainment will be a recital by Misses Elizabeth Barbour, Frances Barbour and Marie Raina. These young ladies are among the advanced musical pupils of the school, and a program given by them will be highly enjoyable to the music lovers of our city.

Special Grand Jury Investigating Assassination of City Marshal Cockrill at Jackson.

THE MURDER OF DR. COX NEXT.

Capt. John Patrick and Others Who Saw Cockrill Killed Will Testify and Name the Assassins.

Trial of Jett and White, Accused of the Murder of Attorney Marcum, Will Not Be Taken Up Until Next Week.

Jackson, Ky., May 28.—The special grand jury Wednesday afternoon began investigation of the assassination of City Marshal James Cockrill here last July. As in the Marcum case the assassin was stationed in the courthouse, shooting Cockrill with a Winchester rifle from the court room window as he stood in the street. It was immediately after this that men in sympathy with the Cockrill brothers had to flee the county for safety, among them being Capt. John Patrick, who in a letter to Judge Redwine soon afterward said that he and others saw the assassins and would come back and testify if troops were sent to protect them. The knowledge he possessed put a price on his life. Judge Redwine declined to ask for troops and had an attachment issued for Patrick, who to escape going back to what he considered certain death, has since had to live in seclusion. It is said that he will appear Thursday to testify and with others will name the assassins. The assassination of Dr. Cox, the Cockrill boys' uncle, will be taken up next.

It seems certain now that to avoid a mistrial the trial of Curtis Jett and Tom White, accused of the assassination of J. B. Marcum, will not be entered into until next week, when the regular term begins. The special term ends Saturday.

Separate trials will likely be asked for the men. In the court room Wednesday when their cases were called and by agreement continued until Thursday Jett and White were guarded by 20 soldiers. The prisoners were not ironed. Judge Redwine issued an order for every one who enters the court room to be searched for weapons. He also gave Col. Williams authority to make arrests in the town for disorderly conduct or any misdemeanor, which makes martial law in Jackson practically absolute. A detail of soldiers was sent into the interior of Breathitt county to bring in as witnesses Capt. Red Strong and Henry Back. Strong was quoted as saying to a number of people, among them Mrs. Marcum's father, that he overheard a discussion of the plot to kill Marcum in a blind tiger three miles from Jackson the day before the murder. Being unable to go himself to warn Marcum he sent Back with a message, Back arriving just in time to see Marcum shot down. Upon publication of these statements Strong and Back made affidavits before Judge Hargis that they had made no such statements.

It is believed that when once started testimony which will uncover the ring from which the numerous assassinations have emanated will be freely given and ample. The possibility of this and desperate measures that might be undertaken to prevent still makes the guardians of the peace and some citizens uneasy and apprehensive.

It was determined Wednesday afternoon to suspend further investigation into the Marcum murder until the witnesses present in the Cockrill case could be examined and the detail of soldiers was not sent after Strong and Back. They may be sent for Thursday or Friday. Twelve witnesses were examined in the Cockrill case. Seventy-five are to be heard. John E. O'Neal, a Covington lawyer, has been retained by Jett. B. F. French is his other attorney. John Noble represents White. Jett's mother arrived from Madison county Wednesday night. The Hotchkiss gun and ammunition arrived from Louisville Wednesday evening. A test of its destructive work will be made on trees Thursday. It is believed that "pay dirt" will be reached by the grand jury before Friday.

Will Close Down Work.

Pittsburg, Pa., May 28.—By a unanimous vote all brick contractors in Pittsburg and Allegheny voted to close down work on Friday unless in the meantime the squabbling Brickmasons' union and the Stonemasons' union settle their differences.

For a Second Term.

Harrisburg, Pa., May 28.—The republican state convention Wednesday adopted a plank in the platform endorsing President Roosevelt for a second term as president.

DAY OF FIRES.

Ruin Swiftly Wrought by Fierce Flames Wednesday.

The Collins and Rudy Planing and Saw Mills Destroyed—Four Dwellings in Sixth Ward Burned.

With the wind raging in almost cyclonic fury at times, Maysville was visited by two destructive fires Wednesday. The first broke out at 11 o'clock in the forenoon and is told of below.

At 4:30 in the afternoon some children playing at the corner of Second and Poplar streets discovered flames bursting from the windows of the Collins & Rudy planing mill at the southeast corner of Front and Poplar. Others in the neighborhood discovered the fire about the same time. The alarm was given and the Amazons were soon on the scene. The Neptunes fortunately caught an electric car a few minutes after the alarm was sounded, and were thus enabled to reach the fire much sooner than they otherwise would have gotten there. The alarm caught the Washingtons, however, with much of the hose uncoupled and stretched out on the sidewalk drying. The one carriage that had any hose ready for use was, after some delay, gotten out, and the task of drawing this carriage to the fire was undertaken by six or seven men and boys.

Fanned by the fierce wind, the flames did their work of destruction so swiftly that it was seen the planing mill was doomed by the time the first named fire company reached the scene. The saw mill on the east side of Poplar soon caught, along with piles of lumber on the intervening street, and but little of the building and lumber was left. The firemen did splendid work after they reached the scene, and prevented the flames from spreading to any other buildings. The walls of the planing mill were left standing, but at least a portion of them were damaged so badly they will probably have to be torn down.

It is not known how the fire started, but it is thought it originated from a spark from the smoke stack of the saw mill. The planing mill was not running, and had not been in operation for some time.

The loss on the two mills is placed at about \$15,000. The planing mill was insured for \$4,750, but there was no insurance on the saw mill and lumber.

The property has been in the hands of the trustee in bankruptcy for some time, and a second sale of the mills and real estate of the company is advertised to take place to-day. Mrs. Collins and the other members of the company have the sympathy of all in this fresh trouble that has come to them.

The residence of Mrs. James Limerick on the south side of Second street, Sixth ward, was discovered on fire Wednesday morning at 11 o'clock. Just west of it stood the home of Squire F. Dresel, while east of it were the homes of Mr. George Young, his son-in-law, Mr. William Fristoe, and Mrs. Charles Dieterich in the order named. Mr. Young's was a two-story, with a store room in front, while the others were a story and a half, and all were frame structures. South of these buildings stands the Ohio Valley Pulley Works.

A high wind was raging at the time, and the flames made short work of all the dwelling houses except Mrs. Dieterich's. This escaped with a scorching. The wind fortunately was blowing to-

ward the river, and this without doubt is all that saved the pulley factory. The factory, however, is well provided with fire hose and the employees could have put up a strong fight with the flames. They did good work Wednesday by keeping the north side of the building wet, and also saved the outbuildings in rear of the burned houses.

As usual Maysville's antiquated fire department was late in getting any water on the burning buildings. The city authorities seem to ignore the fact that five minutes is of vastly more importance at the beginning of a fire than five hours after it once gets started. One of the down-town hose carriages, the Washington's, had to be taken to the scene Wednesday, by a broken-down horse hitched to a buggy to which the carriage was attached, and the Neptune's carriage was taken up by an electric car, after much valuable time was lost waiting for the car.

Mr. Dresel and family saved part of their furniture, but the other families lost practically all their household goods, and also lost all clothing, except what they were wearing.

An estimate of the losses, with insurance, follows:

Mr. Dresel, loss \$1,000, with \$600 insurance on house and \$200 on furniture.

Mrs. James Limerick, loss \$1,000, with \$400 insurance on house; none on furniture.

Mr. Young, loss \$2,000, with \$1,000 insurance on house; none on furniture.

Mr. Fristoe, loss \$1,000, with \$800 insurance on house; none on furniture.

While the loss is a serious one to all of them, it falls especially heavy on Mrs. Limerick, as she had labored for years to finish paying for her home, and had less insurance than the others. They all have the sympathy of the community in their misfortune.

HERE AT HOME

Maysville Citizens Gladly Testify.

It is testimony like the following that has placed "the Old Quaker Remedy" so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Maysville citizen:

Mr. Elias Scudder, nurseryman, residing at 215 Casto street, says: "I had a good deal of pain at times in my right kidney, and it constantly grew more persistent. When I learned of Doan's Kidney Pills I could hardly sit down in a chair or rise without placing my hands to my back, and should I thoughtlessly bend over, it pained me severely to straighten. I procured Doan's Kidney Pills at J. Jas. Wood & Son's drug store, corner of West Second and Market streets, and their use effected an absolute cure."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.

Will the parties who carried off, through mistake, a bundle from the Racket Store last Monday evening kindly return same?

Walker Hardin and Miss Lizzie Stone, and William Hardin and Miss Fannie Stone, all from Bath County, were married last evening by Judge Newell.

Painless extraction of teeth at Dr. Cartmell's.

A. Graham will move from Flemingsburg to Maysville this week to engage in the tailor business.

Policeman Pollitt arrested a negro named Gaskin wanted at Flemingsburg on some criminal charge.

Smith Jones, of Flemingsburg, and Mary Christopher, of Petersburg, were married at Newport this week.

Captain Thomas A. Davis has been invited to deliver an address at the dedication of the New Masonic Hall at California, June 13th.

The divorce suit of T. Hargis McDonald vs. Minnie McDonald has been withdrawn in the Fleming Court and transferred to the Mason Court, the defendant being a resident of this city.

Rev. Joseph A. Flynn has been reinstated as pastor of the Flemingsburg Catholic Church. Rev. John Cavanaugh, who has been there during Rev. Flynn's absence, has been transferred to Carlisle.

The record sale of tobacco was made on the Louisville tobacco "breaks" Tuesday, when 1,000 hogsheds of old burley were sold to the Continental Tobacco Company at between \$100,000 and \$115,000. This disposes of almost the whole available supply of old burley.

Wm. Thacker, who killed John Gordon near Mt. Carmel and was twice sentenced to life imprisonment, was brought back from the Frankfort penitentiary Saturday evening and turned over to Jailer John G. Morris, of Flemingsburg, to await a third trial granted by the Court of Appeals. Thacker will be closely watched to prevent his escaping.

We Want the Proposed Traction Line,

A nine-foot stage in the Ohio River the year round, paved streets, less dust and a few car-loads of American Woven Wire Field Fence, bought in the misty past and long since overdue. There are a few other things we want, but this will do for the present. When the electric cars put us in closer touch with Robertson's capital we shall expect her people to tell us more frequently their wants in the Hardware line. We're after this trade! We already enjoy a liberal share of the county's patronage, but want—

WANT THE RAILROAD

And the People of 'Olivet and Robertson Stand Ready to Help.

The Line Would Have a Big Lot of Freight to Handle From the Start.

[Mt. Olivet Tribune-Democrat.]
We are in receipt of a four-page circular prefaced "Supplement to the Review," with the headlines, "Cheap Coal and Lumber," "Direct Line to Cincinnati," "Quicker Passenger Service," "Cheaper Freights," treating of the extension of the Brooksville railroad to Flemingsburg by way of the North Fork and Shannon Creek, thence to Morgan County and beyond. A "Map of the Cincinnati and Licking River Railroad" is also given. According to the trend of this circular and map, Mt. Olivet and, in fact, Robertson County except the extreme northern boundary, is left out of the route to be taken by the proposed railroad.

It appears to be the same road projected in 1899, and will awaken about as much, if not less, interest among our people as that project did at that time. The people of Robertson County want a railroad; and whenever a proposition is placed before them that gives guarantee of building a road either through the county centrally or to Mt. Olivet, they will be found ready to subscribe substantially to the enterprise. But it is next to useless to expect a dollar to be given toward a road that does not give this guarantee. Our people are determined to have a railway outlet. If they cannot secure it with Brooksville, they will confer with Augusta, Maysville or some other eligible point. There is an abundance of surplus money in Robertson County; but it will not be thrown to the birds. A railroad to Mt. Olivet is what our people want, and what they will have, in the very near future. The outlying town that shows the most substantial interest will be the town that will secure the connection, and with it the most valuable business traffic of this entire section. The freight receipts on coal alone used by the people of Robertson would annually amount to more than the total freight and passenger receipts of the Brooksville railroad. Timber for firewood is annually growing less and the demand for coal increasing. It is safe to say that in a few years Robertson will use ten times the quantity of coal that it now uses. Nor is this all. Building material of all kinds, and the quantity needed each year would not be small, would be hauled over a railroad having Mt. Olivet as its terminus, and distributed not only in the county, but to many points in the adjacent counties that now receive their supplies from Carlisle, Cynthiana and Falmouth. Tobacco, instead of being principally bought by outside buyers and hauled by our farmers to other towns, would be prized right here, and this item of freight alone would amount to from 2,000 to 4,000 hogsheads every year.

As to general merchandise, such a road as mentioned would naturally get all the hauling of Robertson merchants, with a substantial trade from the towns and country stores beyond the borders of the county, and the demand for goods would be practically doubled. In this estimate we have not mentioned the live stock and crop traffic of this section other than tobacco. The loss in the drift of cattle, hogs and sheep driven twenty to thirty miles before reaching a railway depot or steamboat landing annually amounts to thousands of dollars. A railroad would save this loss. We have one of the best grass and fruit growing counties in the State. Old Kentucky Blue Grass now stands over four feet in height in many fields, while the apple orchards will be burdened with fruit this fall that will not realize our people 10 cents a bushel on an average.

A railroad will put new life into everybody and into everything. Let us have a railroad.

Sheriff's Sale!

By virtue of an execution, No. 10, directed to me, which issued from the Clerk's office of the Mason Circuit Court in favor of James N. Kehoe, Commissioner, against Lizzie C. Hamilton and Alleyne Hamilton for the sum of one hundred and thirty-seven dollars and seventy-five cents, with interest from Feb. 24, 1902, I, or one of my deputies, will, on

Monday, June 1st, 1903,

at 2 o'clock p. m., at the court house door in the city of Maysville, in Mason County, Ky., expose to public sale, to the highest bidder, the following property (or so much thereof as may be necessary to satisfy plaintiff's debt, interest and costs,) viz: \$178.65, all that certain parcel of land inherited by John H. M. Maddox from his father Geo. Maddox, deceased, lying in the Fifth ward city of Maysville, Ky., and bounded on the east and north by the Ohio river, on the west by Commerce street, on the south by an alley, being lot No. 17, on the plat of Limestone or East Maysville. Levied upon as the property of Lizzie C. Hamilton and Alleyne Hamilton. Terms cash. Witness my hand this 16 day of May, 1903.
